## Boost Retroactive To Last March 1

ESTABLISHED DECEMBER 6, 1880  
SIXTY-EIGHTH YEAR EDMONTON, ALBERTA, WEDNESDAY, JULY 14, 1948

Telephone 26121 PRICE 5 CENTS

### Edmonton Railroaders Were Ready to Strike for Pay Raise

**RAILROAD WATCHMAN** Norman Taylorson, member of Canadian Brotherhood of Railway Employees, was prepared to strike for increase, now will get 17 cents without striking. A railroader for 25 years, he earned 74 cents an hour before raise. "It is too much responsibility for the amount of pay I get," he said before settlement was made.

**RAISE WITHOUT STRIKE** will go to Canadian railway employees such as Fireman Fred Holcroft of Edmonton who was ready to walk off job in support of his wage demands. An air force veteran with wife and son he shares living quarters with his parents.

**PIPE FITTER** Steve Ostry will now stay on job with 17 cents hourly increase to basic 72-cent rate. He was also ready to strike.

### Trains Held But Now Will Move Again

**OTTAWA, July 14.**—(CP)—Labor Minister Mitchell announced today the railway wage dispute has been settled with the unions agreeing to an increase of 17 cents an hour retroactive to last March 1.

The minister emerged from an hour-long cabinet meeting and made a statement to newspaper men waiting outside the east block.

He said that he was then on his way to meet union representatives in his office for the second time today.

When reporters asked if he could make a statement on the negotiations, Mr. Mitchell said: "It's all right—here'll be no strike."

He then disclosed a broad outline of the settlement.

Mr. Mitchell's announcement was made a few minutes after 3 p.m. EDT (12 noon Edmonton time).

**EFFECTIVE DATE**  
Earlier, at 10:30 a.m. Edmonton time—The Canadian Press reported it had learned from an authoritative source that the unions had agreed to call off the strike on the basis of a 17-cent-an-hour increase and that the only point still at issue was the effective date of the bonus.

Previously it was reported the unions had partly closed the gap between their original stand which called for retroactive payments to last Dec. 20 and the government's proffered date of April 8.

**"FINAL" FIGURE**  
The Canadian Press information on the settlement had developed as rail unions representatives and government officials engaged in a series of conferences with Mr. Mitchell following a cabinet meeting at which a settlement figure described as "final" had been under discussion.

Although an eleven-hour settlement restored peace to the troubled railway strike scene today Edmonton already experienced some inconvenience.

Preparing for the worst, Canadian National Railway officials this morning cancelled departure of all passenger and freight trains scheduled to leave this city.

The CNL passenger for Calgary, which left at 11:30 a.m. and was to be replaced by a passenger train which would leave for St. Paul, Whitecourt and Athabasca, also remained in the Edmonton yards. The same train which left for Regina, through and back.

**TO AVOID STANDING**  
We were trying to make certain that crews and equipment would not be halted down the line," was the reason given by E. G. Skelving, CNL superintendent of transportation.

Transcontinental passenger trains from the west, due in 3 p.m. today this evening would have been terminated here and the strike become an actuality.

Without transcontinental trains due Thursday morning would have proceeded no further west.

Canadian National passenger trains started to roll out from Edmonton depot almost within minutes after word of the strike settlement was received.

The CNL passenger train scheduled to leave for Regina, through and back, was operating on normal schedules again, it was stated.

**EMBARGO LIFTED**  
The embargo on rail freight shipments which became effective some 24 hours ago when the strike was declared, was immediately lifted.

Movement of perishables was expected to be at normal levels within two or three days.

The CNL passenger train schedules operated without any change excepting last night's train from Calgary did not include sleepers.

**LIBRARIAN'S DEATH**  
Found 'Natural'  
Evelyn Stalker, 28, 9844 St. Albert, died of natural causes, a post-mortem revealed.

The young woman was found dead in her rooming house early Monday.

No inquest will be held into the death of the young woman.

Miss Stalker was assistant librarian at the North Side Edmonton Public Library.

She formerly lived at Viking.

**15 Forest Fires**  
WINNIPEG, July 14. — (CP)—Fifteen forest fires are burning in the province today.

Calgary today.

CALGARY, July 14. — (CP)—Dr. D. J. Macdonald, a resident of Calgary since 1912, died at his home Tuesday morning after a short illness.

**Railway Bans Lifted As Dispute Settled**

**MONTREAL, July 14.**—(CP)—Canadian National and Canadian Pacific Railways today lifted embargoes on freight, express and mail services.

By a result of the announcement, the Ottawa and Montreal railroads will be able to resume service.

The two railways made their announcements almost simultaneously.

By a result of the announcement, the Ottawa and Montreal railroads will be able to resume service.

Both railways announced their action about 2:30 p.m. EDT, without waiting for an announcement from the Railway Association of Canada which had originally given out the news of the embargoes.

**RIGHTIST BEAUTY WINS LEFT CONTEST**

**KINGSWINBORO, Staffordshire, England, July 14.**—(AP)—Labor party officials in this community have found their confusion today.

They have fought it out, Crystal Nash, 16-year-old school girl they acclaimed as a Socialist beauty queen at a party rally, is the daughter of a prominent Conservative.

Miss Nash got into the preliminaries as ward champion by mistake. Then she decided to go through with it and won the title easily at the rally Saturday night.

The Labor party stuck to the bargain. She will get her prize—a permanent wave paid for out of party funds.

### Italy's Communist Chief Shot Down

#### Palmiro Togliatti Badly Wounded By Young Sicilian Law Student

**ROME, July 14.**—(CP)—Palmiro Togliatti, Italy's No. 1 Communist, was shot and gravely wounded today.

Riot shouting, angry mobs of leftists closed the square before the chamber building. Violence threatened to engulf all Italy. The Communist-led labor confederation called a general strike in the city of Rome.

The Italian Communist party called on the government to resign.

A general strike was called in the province to protest the assassination attempt.

Heavy firing echoed through the Piazza Colonna near the scene of the assassination attempt as police fought back the Communist crowds.

**ATTEMPTED ASSASSIN**  
Police seized Antonio Pallante, 25-year-old fiery Sicilian nationalist, as the attempted assassin. He fired five bullets at Togliatti. Two penetrated his chest, one grazed his neck, and the other two missed their mark as 55-year-old Togliatti lay on the ground.

The first bulletin of the confederation said the Communist party was "in contact with the confederation."

Deciding that Mr. St. Laurent has "anti-Soviet nightmares," the periodical said that "Hitler too had nightmares about Communism, but these ravings had a very realistic plan for attacks on Poland, Czechoslovakia and France."

**Plane With Reported 20 on Board Crashes**

**TOULON, France, July 14.**—(AP)—A transport plane reported carrying 20 persons crashed today on the rocks of nearby Cape Sicie. Six bodies were reported recovered and no survivors had been found near dusk.

Land parties searched the cliffs. The spot of the crash was reported nearly inaccessible.

In London the Ministry of civil aviation said tonight a British Overseas Airways Corporation freight plane with four persons aboard crashed into the sea off the coast of Toulon.

A military spokesman said no reports had been received so far to link this crash with a crash on the French southeast coast of Toulon.

**U.S. Palestine Proposals Is 'Unacceptable' to Arabs**

**LAKE SUCCESS, N.Y., July 14.**—(AP)—The United States today rejected the support in the United Nations Security Council today for the proposed ceasefire ultimatum to the Arab and Jewish of Palestine, where Jewish Arab spokesmen said the American proposals was "most unacceptable" to the Arab nations.

Mahmoud Bey Fawzi, of Egypt, demanded that the United States modify the American proposals for imposing an immediate truce in the

refusal to extend the UN truce which ended last Friday did not mean the Arab states completely rejected the idea of another truce in Palestine.

He implied that the Arab League Political Committee now meeting in Beirut, Lebanon, might be considering an offer to receive the truce.

The Council still was far from an important vote when it adjourned for the day.

### Three Canadians Get Perfect Scores In King's Prize Shoot

**BIRLEY CAMP, England, July 14.**—(CP)—Three Canadians cracked in with perfect scores at the first range today as a total of 1,230 British and Empire marksmen opened firing in the first stage of the King's prize, the classic of the National Rifle Association's two-week meeting.

At the 300 yard range of the first stage today Sgt. Alec Jamieson and Cpl. Thomas Woods, both of Montreal, and Ft. Lt. Dave Reynolds of Ottawa, all had seven bull-eyes for a perfect score of 35.

**Clayton Adams**  
Reasons Position

Clayton Adams, chairman of the board of industrial relations, forwaded his resignation from that post to Hon. Dr. L. E. Robinson, minister of industries and labor.

Mr. Adams joined the government service in 1936.

He was named to the Social Credit cabinet last Friday.

At a nominating convention held Monday in Edmonton and sent in his resignation following his nomination.

**Wheat Jan Eases**  
KANSAS CITY, July 14. — (AP)—The wheat shipping plan, brought on by a deluge of grain from southwest United States harvest fields, showed further signs of easing today.

An embargo, put into effect last Friday on rail shipments of wheat to Kansas City, probably will be lifted by the end of the week.

### Big Setting Ready For Record Crowd at Fair

**Near-record attendance is expected for Citizens' Day today at the Edmonton Exhibition.**

Thousands of Edmontonians, who have been staying at home because of the week's heavy rains, are expected to spend their half-day holiday at the fair.

Fair officials don't know if the attendance record set in 1947—43,343 people in one day—will be broken today, but they are preparing for an all-time high attendance.

"If the weather holds," said last year's Citizens' Day attendance was 34,948.

The "midway" will become a midway again. Exhibition manager Charles Wilson told The Bulletin this morning that "the midway will be very much improved."

**TRUCKS BUSY**  
Trucks worked all night filling mud holes with tons of cinders to keep Edmonton free of mud today.

This morning trucks were busy by taking the 14th and 15th before they halted the 16th.

Burns Martell, of the Highlands, Edmonton, came through the second round by defeating Mike Dargatzis of Montreal on the 10th.

Mr. Martell's opponent in the third round will be Doug Ford of New York, who eliminated C. H. Corrigan, Toronto, 3 and 1.

# Democrats Split On Negro Rights

## Southern Poll-Taxers Fight Equality for U.S. Minority

PHILADELPHIA, July 14.—(CP)—The Democrats threatened to bring their intra-party fight into the open at the national convention as the rebellious southern states remained adamant against a platform plating assuring equal treatment for negroes.

The 1,300 delegates were split on the issue of the chance to complete the nomination of President Truman as president, and the Senate of Kentucky for vice-president, and the House of Representatives for Speaker.

For the first time, a committee of 108, had been written to reach the compromise on a civil rights platform that would keep the insurgent southern states.

The "solid" southern states, always for the Democratic party, have been joined by President Truman as president, and the Senate of Kentucky for vice-president, and the House of Representatives for Speaker.

With the Democrats it is different. President Truman follows the House of Representatives, and the Senate of Kentucky for vice-president, and the House of Representatives for Speaker.

Major features of the platform include: Besides the civil rights plank, the platform calls for the repeal of the Taft-Hartley Labor Act and a boost in the minimum wage from 40 to 75 cents an hour.

Foreign policy—Strengthening of the United Nations, and the United States to "continue to lead the way toward curbing the arms race, and to bring about the end of all nuclear activities of the world organization.

ARMED FORCES

OTTAWA, July 14.—(CP)—An internal affair department official said today that arrangements are being made for the transfer of 110 men and their wives to the United States from Halifax.

Police seized his assailant and identified him as Antonio Palmito, 25, of Montreal. Police said he told them he had long planned to kill the Canadian. The assailant was described as an elderly nationalist without party affiliation.

ONE BULLET THROTTLED in the neck just below the ear, grazing the eye. Two bullets entered the chest.

Physicians extracted the two bullets and declared the operation "successful."

The attack came at the height of a new drive by Italian Leftists to oust the middle-class government of Premier Alcide De Gasperi. Both the Chamber of Deputies and the Senate suspended operations after the shooting.

De Gasperi earlier said the shooting was "the worst possible thing that could have happened. This is not the way to fight."

TO TAKE PRECAUTIONS Mario Scelba, Minister of the Interior, telegraphed urgent instructions to the prefects of all provinces to take vigorous precautions to prevent any disturbances arising from the shooting.

There was a violent scene in the Senate when the attempted assassination was announced. Various Communist Senators tried to attack Scelba, who was on the government bench.

The Communist Senators, shouting "murderer, murderer," were held back by their colleagues.

Vancouver Man Dies Of Injuries

WINNIPEG, July 14.—(CP)—Millard R. Iverson, 38, of Vancouver died in hospital yesterday from injuries suffered when he fell from a moving freight train.

Police said Iverson had hitchhiked a ride aboard a west-bound train from Kenora, Ont. It is believed he was brushed off by the train as he prepared to get off. The freight train was derailed coming into Winnipeg Monday night.

## Fair Expects Record Crowd

(Continued From Page 1)

In Sunnyside Lodge on 115 Avenue was expected for a deluge of youngsters after the quiet day it had had so far.

The grandstand show, which begins at 8:00 p.m. tonight, is expected to bring a lot of people to the fair. The last exhibition attendance mark up to last year's.

For the first two days of the fair, about 50,000 people said to enter the exhibition grounds. This year only 30,000 have been reported to enter the grounds.

Attendance at the grounds Tuesday totaled 25,000, more than double the number passing through the gates on the previous day. But, on the same day last year, when 34,391 visited the fair.

Race track patrons waged a price war, with the 1000-yard race, approximately 80,000 Tuesday crowd, and 175,578 on the same day in 1947.

A crowd estimated at about 4,000 other afternoon visitors, including the annual of the Young Men's League of 1948 and the program by talented artists.

The grandstand patrons later watched a fine display of fireworks that included a fiery Niagara and an oil field scene in pyrotechnics.

Sidelines and games of chance were well patronized throughout the evening despite the fact electricity had been brought through, but that was a minor inconvenience.

Tuesday was Old Times' Day at the fair but the inclement weather outlook kept many of the veteran district residents at home.

# France's Bastille Day Is Marred by Strikes

PARIS, July 14.—(AP)—France observed Bastille Day today in an atmosphere of labor unrest. Wage walkouts have made 100,000 Frenchmen idle and threatened to affect 1,000,000 government workers.

The gloomiest night since the Bastille Day riots of 1789, when the French people overthrew the monarchy, was marred by strikes by a few groups of workers who were not allowed to go to work. The government departments are so intervened that strikes by a few groups are not allowed to go to work.

# Work Up in Smoke But Creator Happy

## Ontario Pyrotechnician Disappointed Tuesday

Seeing one's work go up in flames and smoke is a bleak event, usually. But for William R. Hand it is an occasion for expression of satisfaction and pride.

Especially since it represents Mr. Hand's meal ticket. Mr. Hand has been showing off his fireworks since his work since he was 15 years old, and he has done such a good job of it that he has become recognized throughout Canada for his proficiency at exploding things.

Mr. Hand is a pyrotechnician, which means that he earns his living by making fireworks. Tuesday night's fireworks display at the grandstand show of the Exhibition grounds was Mr. Hand's latest handiwork.

For the past 27 years he has designed and made fireworks. Hailing from Cookeville, Ont., Mr. Hand travels to about 300 Canadian centres each year, illuminating night skies with fireworks, sparklers, and almost anything else that explodes and makes bright flashes to light.

There's a technique to learning the fireworks business, Mr. Hand told The Bulletin Tuesday night. In fact, it's such a particular technique that it is not a family affair which he learned from his father, and which is continuing as a member of the Hand Fireworks Co. of Cookeville.

During the war, the Hand Company manufactured signal flares. Very light cartridges, smoke generators, and other wartime counter-parts of the military.

The oil refinery industry, in blasting fireworks, which ended Tuesday night's grandstand show, was Mr. Hand's creation.

He told The Bulletin he was disappointed that the display didn't go so smoothly, but explained that delays due to the weather and the fact that the crew had to set the fireworks up as well as watch them.

If the weather holds until the weekend, Saturday night's fireworks display will go off flawlessly, he promised the Ontario pyrotechnician.

Needless to say, Mr. Hand envisions his vocation. You would, too, if you got as much "bang" out of your job as he does from his.

## Salzyn Wins Liberal Vote

James Salzyn, farmer, Eastgate, was chosen Liberal standard bearer for the Red Deer constituency at a Liberal convention held Saturday.

Present member for the riding is J. M. Popl, Social Credit, who has moved from the district.

## Sneak Thieves Active Net Five Victims

Room prowlers took seven dollars last week when they entered the home of Mrs. Clara May, 10544 104 street over night.

Entry was gained by unfastening the rear door after removing the lock. The thieves, who were caught by the police, were reported to the Grand Jury for trial. They were also reported to the Grand Jury for trial.

Monday night's downpour may have accounted for the theft reported by A.T. Brown, 114 La Fleche building. He told police thieves took two raincoats and a while it was parked downtown.

Office at Union Trustor reported the theft of two tractor wheels from a yard at 102 street during the past week.

A \$40 camera was stolen from Luggert's Opt. Drug store at Jasper and 1041 street Tuesday afternoon.

# Time For Consideration

Postponement until August 9 of debate on the aldermanic motion to engage a firm of experts to make a complete civic survey in Edmonton is commendable for two reasons:

1. Because every alderman should be present when the matter is finally decided and because every alderman should have ample time for mature deliberation.

2. Because the delay will enable interested organizations to lay their views before council.

Aldermen who propose to support the motion have taken a progressive stand which can very well bring in a new day for Edmonton.

There are some diseases which will not respond to home remedies. The civic structure of Edmonton is suffering from such a disease. As a result there has been a general collapse of civic services under which the taxpayer gets only about half his money's worth and the resident and visitor alike have to endure impossible streets and inadequate water distribution.

## Transportation Must Go On

It is not the duty of the federal government to fix the wages the railway companies pay their employees. But it is the duty of the federal government to see that the transportation service of Canada is not interrupted.

To this end, there is no limit to what the government can and should do.

Whether the railway employees go on strike or whether they accept the offers of the companies, the trains must keep on running.

That is the primary task the farmer and the city man alike will require of Ottawa. For even a temporary dislocation of transportation in a country of Canada's vast extent would be no less than a major national calamity.

This is no time for the Canadian public to line up behind either the railways or railway employees. This is no time for partisanship.

The employees are not radical agitators nor mischief-makers. They are decent and diligent men and women with a living to make who have found, like almost everybody, that their incomes are

not equal to coping with the new high costs.

On the other hand, the railways have just as much revenue to meet their expenses. So they must keep their expenses within their revenues.

In his treatment of the strike, there is no greediness on either side. There is a deadlock because economic conditions have created a necessity on each side of the dispute.

Nevertheless the difficulty is not insoluble. No difficulty is insoluble.

And one thing is sure—this country cannot afford to have railway transportation tied up even for a day.

The employees say they require an increase of 23.4 cents per hour to maintain their standard of living. The department of labor has suggested an increase of 15 cents per hour.

These figures are not so far apart that a little closer figuring will not persuade them to meet.

For the sake of the national economy, both sides should do a little closer figuring.

For the sake of the national economy, both sides should do a little closer figuring.

## THE UNSEEN AUDIENCE

By Webster

SHE'LL TURN ON THE RADIO AND LAUGH HERSELF SILLY AT A COUPLE SCRAPPING OVER THEIR BREAKFAST; BUT IF I START A SCRAP WITH HER—OH, MAN!

YEAH, THEY'RE ALL NUTS!

The apparently insuperable difficulty of creating peace in the world lies in the fact that the Soviet lack of respect for treaties is so general that it is impossible to conclude peace with Germany and thus bring about the highly desirable world situation.

The late Mr. Justice Holmes when asked what conditions are essential to any civilization named, as I recall it, only four. One of these was respect for contract. It is obvious that without legal means of enforcing contracts, society would degenerate into anarchy. There could be no reliable exchange of goods and services under such conditions of employment, no co-operation involving money, no security of land or other property—in fact, no security at all.

These latter days when we are so generally understood that breach of contract is considered in international law as a hostile act, the fact of treaties were charged to Germany, Italy, Japan, and the United States in its third paragraph that the charter of the United Nations exists to establish conditions of peace and respect for the obligations arising from treaties. . . . can be maintained.

No Good Intention Now, what conceivable security can be won from continuing to live in a world of lawlessness? In the past, men have tried to live in a world of lawlessness, but they have failed. They have failed because they have failed to live in a world of lawlessness.

Why cannot we then stand shoulder to shoulder now and force the invader back? The man or woman who sells out to the Hitlerites and allows them to invade our countries are more guilty of treason than those who sold out to Hitler.

Cannot our provincial or federal governments do something to protect us from this menace? We must not be so open to attack and refuse these people admission to our country.

## Let's Have a Straight Answer

Premier Ernest Manning will perform a public service by giving a straight and prompt reply to the pressing enquiries about an early Alberta election.

No possible strategic purpose can be served by maintaining close secrecy in this matter.

No party advantage can be gained from the element of surprise because the parties in opposition have already taken steps to prepare themselves for a contest. A total of 103 candidates have been nominated.

On the other hand the election, run-

mors have created a restlessness which, if prolonged beyond all reason, can easily work harm upon the administrative efficiency of the province.

One may not accuse Premier Manning of seeking to dramatize the situation because seldom if ever has he succumbed to the temptation to theatricalize his leadership.

But there seems no reason to postpone any further or to let election will be held in Alberta this year.

It has come to the point where the public welfare demands such an answer.

## Local Trustees' Association Meets

34 Schools Are Represented  
At Stony Plain Convention

STONY PLAIN, July 14. — Third annual convention of the Local Trustees' Association for the Stony Plain School Division No. 23 held recently, was the largest and best yet. Thirty-four local schools were represented and J. Shenfield acted as chairman, with D. H. Glass as secretary.

## Saskatoons Ripen Early This Year

WASKATANA, July 14.—Weather up to this week being hot and dry, saskatoons have ripened early and in consequence pickers are everywhere present on the river trails. Best picking has been about the Victoria Trail. Motorists are warned to watch for the safety of children.

Two new rooms are being planned as an addition to the Waskatana school, the classes in the present building exceeding the seating capacity. The building is now being wired for electricity by M. Huchala of Willingham and Vegreville.

The principal, R. J. Elliott and his family are holidaying in the mountains and in United States. W. Parker and family were fair visitors. J. Edmondson Monday.

Very light showers have helped the gardens recently but the crop will be lighter than usual.

## Pioneer Farmer Dies At Andrew

ANDREW, July 14.—John Todt, a pioneer farmer of the Andrew District, passed away at his home at the age of 68 years. Mr. Todt was survived by his widow and three sons, William of Alder, Flat, and George and Mervel of Andrew, and one daughter, Mrs. Mary Speakman of Alder Flat.

## Rains Cause Heavy Damage To Basement

DAWSON CREEK, B.C., July 14.—Heavy rains during the past week caused the dirt surrounding the forms for the basement of the new Co-op store here to cave in, buckling the forms and causing an estimated loss of \$1,000.

Sidewalks on the east and west sides were undermined and collapsed with the shifting dirt. Crews worked for two days in the rain in an effort to prevent further damage to the forms by soil pressure.

The Co-op store was destroyed by a \$200,000 fire last Feb. 8, and the new store is to be bigger and more modern than the old. There have been heavy showers all week and a heavy rain Sunday night has hampered the work of the men.

Legion Auxiliary Honors Member

BERWYN, July 14.—A shower sponsored by the Legion Ladies Auxiliary, was held Monday night in the Legion Hall in honor of Mrs. Russell Hawley (nee Dorothy Ellis) who served in the R.C.M.C. overseas during the war. Some forty guests were present and Mrs. Hawley was assisted in opening her gifts by her sister, Miss Marie Ellis and another recent bride, Mrs. W. Brown.

Following the shower a wedding dance was held at the Kerndale school in honor of the bride.

Andrew Cadets At Sarsce Camp

ANDREW, July 14.—Andrew high school cadets, under Eugene Archibald, were held Monday night at the Sarsce camp. The boys are: Walter Leck, Harry Wakaruk, Bill Statechuk, Nick Skid, William Timinsky, James Archibald, Eli Ambrose and John Andriuk.

Church Construction Well Advanced

VETERAN, July 14.—The Pentecostal church which is under construction is making rapid strides towards completion. It is situated immediately south of the A and C Cafe.

Athabasca Wedding

ATHABASCA, July 13.—Katherine Duplaka, second daughter of Mr. and Mrs. Theodore Duplaka, of Athabasca and Nick Mayer, son of Mr. and Mrs. A. Mayer, Golden

bridge, was married here recently.

Among other business transacted it was decided to hold the Preliminary rally in Hanna, in September.

Prairie, Sask. were married here recently.

Mrs. Oscar Gosselin was matron of honor and Miss Valerie Gosselin bridesmaid.

## BRIDGE

Finesse Is Best

## Percentage Play

By WILLIAM E. McKENNEY  
Today's hand was contributed by A. M. Sobel, national tournament director of the American Contract Bridge League and known to tournament bridge players throughout the U.S. and Canada.

Sobel said that the hand is not ideally suited to his column because the East and West cards should not appear. I am showing readers like to look at it. So you may cover up the East and West hands if you wish.

There is no question that South should be in a slim in spades. It to the scene.

he had the queen and one club instead of the queen and one trick. He would make 13 tricks if North had the ace, King and one diamond and only three clubs. The hand still would be cold for a slam.

Now we come to the problem that Sobel brought out in connection with the hand. Declarer has two losing hearts. After winning to get two diamonds to get rid of the opening lead of the queen of hearts with the ace and pick up the trumps, how should he play the club suit?

Should he play the ace and king of clubs and then ruff the three

hoping to drop the queen? Or should he take the finesse.

Sobel said that he spent a lot of time figuring out the mathematical odds, and that the correct percentage play is to take the club finesse. Roughly, he said that the odds are 54-46 in favor of taking the finesse, rather than attempting to find the queen with two small clubs. I have not figured the odds myself but I will not argue with Mr. Sobel, as tournament directors are pretty fine mathematicians.

## Millet Board Will Meet In July 26

MILLET, July 14.—Millet Board of Trade annual meeting will be held in the Board of Trade Hall on Monday evening July 26 at 8:30 p.m. All membership dues have expired and the executive requests that all interested please attend this meeting as an important business will be brought before the meeting for discussion.

Westminster Baptist Church has been conducting Vacation Bible school at the church during the past week. The Lutheran Church at Patience also, had their bible classes at the lake this summer and it is expected that the Millet United Church will hold its vocational bible classes in the church during the third week in July.

## Lumberman Retires From Business

SYLVAN LAKE, July 14.—F. McCutcheon, for many years successful manager of Atlas Lumber Co. here, is retiring from the lumber business. He will be succeeded by Jack de Long of Red Deer.

Sylvan Lake senior club won the tournament at Albion, taking first money of \$25. Four teams competed. Albion, Kananis and Rocky being the others.

# Franks Mistake Takes Handicap

## Runs Leading Three-Year-Olds Into Mud at Exhibition Track

By Stan Meyer  
(Bulletin Staff Editor)

Lee Williams, Edmonton owner, tells an interesting story of how his good three-year-old, Franks Mistake, came to be named.

Williams' friend Frank Conklin, of Royal American Shows, had a mare called Swift. After purchased from Mrs. Earl Robertson, wife of the prominent trainer, Swift fell running with foal at side when Conklin persuaded Williams to buy the pair. The showman had gone south on Swift Hills because he had developed into a 'cripper', stable lingo for a horse that insists on trying to chew on all the stall furniture it can get teeth into.

Williams agreed to the deal after warning Conklin in friendly fashion that he thought he (Conklin) was making "a mistake" in disposing of the promising looking foal.

### Conklin's Foaly?

"In fact," Williams warned, "that's what I'm going to call him—Franks Mistake."

Franks Mistake—another name might be Conklin's Foaly—a running colt at the Exhibition track Tuesday while capturing the feature. Kingway handled over a sloppy day.

Pitted against four more of the top flight three-year-olds on the premises the get of Orlin 2nd was a hollow four-length victory. Saddle-vice Al Haler nudged him to the top at the break and sat chilly over most of the route to easily beat Silver Hug, Jack Heibel, Marbled and Penlight.

The winner was not part of a sleeper, and a modest payoff of \$3.95, \$2.95, \$2.45 greeted the effort.

In a second race, board state the show from the horses on Tuesday. It was of stirring up the pointers Battle Bred, out of the stall in the gate, followed the opening field to return better than \$4.10 for the followers.

### \$250.15 Daily Double

Came the second heat and came Harry Street's Kupono, Iowa Hawaiian-bred at the meeting. This one, rider Harold Bailey doing the driving, took a long time to get going.

This day's sum of money returned \$15.70. When daily double computations had all been made the resulting dividend to 16 holders of winning combinations was a healthy \$250.15.

Los Mark's Kentucky-bred Cala proved the third thing in the third race, a five-length romp over the field.

Cecy Fitz's Hired Fly took it all in the fourth. Jimmy Silverlight gave a clever riding exhibition while riding his mount well in the early stages. He finally showed the flogging Post W on the head of the stretch and was home free over the rest of the route.

### Quinnella Returns \$31.60

After Franks Mistake had popped in the fifth, Toy Broom out-gamed Booty Shorty to cut off the big in the following race.

To wind it up for another afternoon, Gene O'Flaherty's Heather Jane and Liberty Boy, out of the Rosewood, Sask, string of E. M. Ring, ran one to the seventh in the final race.

Tuesday's program got underway while the threat of wet weather still hung over the track. Undoubtedly the field of horses for the still King of Kings arrived as a result. Nevertheless, the "handicapper" was a respectable stake in the 1947 total for the same day.

### Harness Racing

#### Comeback in South

LETHBRIDGE, July 14 (CP)—For the first time in more than a year, Lethbridge will hold a harness horse race this year. It was announced Tuesday. The two-day race schedule will be Sept. 4 to 5.

It will be one of four trotting events in Alberta this year. The others are slated for Calgary and Camrose during August, while High River's was in May.

Largest of its kind, the white horse will wing speed of nearly seven feet.

There's no longer any question about whether television cuts into light race. It does—every time.

## O'Flaherty Retires As Intermediate Head

Mr. Tom O'Flaherty, who was a hard-working enthusiast while he lasted, called it quits as president of the Intermediate Baseball League Tuesday. His successor, one Robbie Roberge, will have an easier time now that the groundwork for the loop has been laid.

Pressing business matters, not the least of which is his forthcoming wedding, forced O'Flaherty's retirement. Intermediate mogul figure Roberge will make a suitable replacement, however, since he comes to the local scene with considerable baseball background.

In his native Ottawa, and later in Montreal, the forlorn Roberge played first base. He is currently stationed with the RCAF in Edmonton as a warrant officer.

## Buffaloes Set Down Leading 99's 5 to 2

CALGARY, July 14. — (CP) — Bob "String Bean" Brosseau scattered 11 hits over the nine inning route Tuesday night to hurt Calgary Buffaloes to a convincing 5-2 victory over the Alberta Big Four Baseball League's Tuesday night.

The win moved the Buffs within a single game of the second place Edmonton Eskimos, who were idle.

Patty nicked Brosseau, who played with Victoria last year, for a brace of runs in the first inning, but were held scoreless the rest of the route. Singles by Gorbous and Noon and a two-bagger by Ernie Bland scored in the fourth.

Buff's tied the count in the third when singles by O'Connell, Strangler and McLellan combined with two Purly bobbles to bring home two runs. They won the game in the fifth when Work and Noon came on Mori's sharp single. Bradley drove in another when he hit into an error in the seventh and Work drove in the eighth.

Glen Gorbous, youthful Purly sacker, came out of the game with the top batting performance, a three out of four plus one trip to first base when hit by a pitched ball.

## Along the Shed Row

If and when the city gets around to implementing a paving program on a big scale that betting ring at the Exhibition track definitely should be included. . . . It was a mass of sticky mud Tuesday. . . . Two horses, Amy's First and Booty Shorty, were taken out of the sixth via the claiming route. . . . E. Mariette got Amy's First while Mr. J. McDonald came up with Booty Shorty after a shake with a pair of others who wanted the gelding.

Hark Ferrard closed with a great rush to wind up fourth in the sixth test. Owner Stan Kraft's stretch-running game came up close to 15 lengths from the quarter pole home. . . . Hawaiian-bred Kupono, the horse that put the finishing touches to the healthy daily double, was laid up close to two years, slipped run at all in 1947.

Many handlers routed their charges back through the infield after a race rather than retrace their steps over the muddy track. . . . Mrs. Lee Williams certainly was cast in the right role on that occasion. . . . As is customary during Fair week a wreath is presented to the feature winner and Mrs. Williams had the honor.

Mr. and Mrs. Bob Poutland are visitors from Calgary to the race. . . . Bob Edwards' Long Dunn stop, based badly in the two-year-old dash after being well placed in the early eliminations. . . . There is a lot of stuff who had the daily double should be thankful to Lou Davis.

## World Guides to Hold New York Conference

Mrs. S. H. Gandier To Attend First Meet in Western Hemisphere

History will be made in Cooperstown, New York, August 13-23, when the World Association of Girl Guides and Girl Scouts holds its biennial conference for the first time in the western hemisphere.

The conference, which will be attended by Mrs. S. H. Gandier, provincial commissioner for Alberta, will be held at the Hotel Otsego.

Adult delegates from more than 25 nations, representing three million girls, will gather in this village in the Catskills to discuss important world problems and formulate plans for carrying on the international movement.

Lady Helen-Powell, OBE, chief guide of the world, will be present. Mrs. John S. Corbett of Montreal, chairman of the World Association, will preside.

Other Canadian delegates include Mrs. Rankin Nesbitt, Toronto, honorary secretary to the Canadian Council; Mrs. Doris Fanning, Toronto, and Miss Phillips, Quebec.

Director of the World Bureau is Miss Winifred Kydd. Hostesses for the conference are Canadian Girl Guides, Girl Scouts of America and Handicrafts of Brazil.

Excitement mounted Tuesday as crowds thickened at the race track to watch winning horses pounce through a wet slippery sea of mud that made the track.

Fashion picture swayed heavily toward the practical with only a small minority of the women dressed in smart impeccably tailored spectator casuals. Everything from blacks 'n slickers to a beautiful three-piece gray check ensemble could be seen.

Everyone's mind was on the race results rather than fashions—and intensely watching were Dr. and Mrs. E. Wilkinson, Miss Jean Woodman, Miss Muriel MacDonald, Mrs. A. W. Thompson, Mr. and Mrs. Douglas Darragh, Mrs. Lee Williams, Mrs. Norman Campbell and Mrs. David Ure.

Gwen Seller Honored at Showers

Popular bride-elect of July Gwen Seller has been entertained at a shower.

Mrs. A. E. Aiken was a recent kitchen shower hostess when she entertained a number of bride-to-be. Gifts from the 14 guests were presented to Miss Seller.

Breakfast party was held to honor the bride-elect by Mrs. Munro Hope. A presentation of crystal was made to Miss Seller from the 12 guests.

Tuesday evening girls from the staff of the RCAF station, Edmonton, entertained in honor of Miss Seller and K. Williams, a recent bride, at a dinner in the Corona hotel. Both guests of honor were present.

Co-hostesses Mrs. L. V. Cairns and Mrs. E. F. Edwards will entertain at luncheon at the former's home Friday.

TEA at Club Anton was held in honor of Miss Joan Cordogan of Regina, a bride-elect at this summer. Mrs. A. C. Jensen, sister of the bridegroom-elect, was hostess. From left, Miss Mary Lingas, Mrs. J. Williams, Mrs. Jensen, Mrs. G. Cordogan, mother of the bride-elect, and Miss Cordogan.

## Joan Cordogan, Regina Bride-Elect Entertained at Tea By Edmontonians

Regina bride-elect, Miss Joan Cordogan was honored recently at a tea at the Club Anton. Hostess was Mrs. A. C. Jensen, the former Yvonne Anton, sister of the bridegroom-elect.

The table was set with an ecru lace cloth and centered with roses and daisies. Tapers in pastel shades completed table decorations. The room was adorned with bouquets of gladioli and other summer flowers.

Receiving with Mrs. Jensen and Miss Cordogan was Mrs. C. Cordogan of Regina, mother of the bride-elect.

The bride-elect was in black silk print with a picture hat of black straw, white accessories and a corsage of red roses and white gladioli.

Her mother chose a misty blue frock with silver trim, black hat and a corsage of pink and blue bachelor buttons.

Mrs. Jensen received in a turquoise-blue afternoon model with matching floral hat and black accessories.

During the reception, Mrs. J. Simon played the piano. Mrs. H. Hydron was in charge of arrangements and Mrs. J. Jensen looked after the guest book.

Pouring tea were Mrs. T. Gardiner, Mrs. J. Frederick, Mrs. Williams, Mrs. Herbert Isaacson, Mrs. Mads Jensen, Mrs. Harry Lingas.

Assisting in serving were Mrs. C. Tappin, Mrs. Bert Gibb, Mrs. E. Casakan, Mrs. E. Gardiner, Mrs. G. Lush, Mrs. Paul Kirk, Mrs. Daphne Lingas and Miss Mary.

ODE To Send Clothing To British Children

TOMONTO, July 14.—(CP)—The British Save the Children Fund will receive 50 per cent of all clothing and bedding sent overseas this year by the Imperial Order Daughters of the Empire.

Margaret Robb, in charge of publicity for the drive, made the announcement today after a meeting of the national executive committee.

### Fair Crowds Gather at Track For Afternoon of Excitement

Excitement mounted Tuesday as crowds thickened at the race track to watch winning horses pounce through a wet slippery sea of mud that made the track.

Fashion picture swayed heavily toward the practical with only a small minority of the women dressed in smart impeccably tailored spectator casuals. Everything from blacks 'n slickers to a beautiful three-piece gray check ensemble could be seen.

Everyone's mind was on the race results rather than fashions—and intensely watching were Dr. and Mrs. E. Wilkinson, Miss Jean Woodman, Miss Muriel MacDonald, Mrs. A. W. Thompson, Mr. and Mrs. Douglas Darragh, Mrs. Lee Williams, Mrs. Norman Campbell and Mrs. David Ure.

## English Visitor Touring Hospitals in Canada

By Margaret Weir

Touring hospitals in all provinces of Canada is the experience of Mrs. B. A. Bennett OBE, the charming English visitor is spending a few days in Edmonton in the course of her trans-Canada trip.

Mrs. Bennett is travelling through Canada for the British Ministry of Labor and National Service. In each of the hospitals she visits, she observes the methods employed in caring for patients and the training given student nurses.

While in Edmonton she will meet the Minister of Health, tour city hospitals, speak with public health nurses and nurses of local hospitals.

In England, Mrs. Bennett, assisted by a capable staff is responsible for the placement of nurses in English hospitals. Until the skill of the professional nurse for the benefit of the people is the aim of her tour.

Each lap of her journey has been done by plane. She arrived in New Brunswick and there spoke at the annual meeting of the Canadian Nurses' Association.

Prince Edward Island was the next stopping off point and from the "lovely island" she flew to Vancouver.

Mrs. Bennett is now on the return trip of her Canadian tour. Not a newcomer to Canada she visited the eastern provinces two years ago carrying out the same work as she is doing during her present cross country trip.

## St. Faith's Bridal Setting

In a pretty wedding ceremony in St. Faith's Anglican Church recently Kathleen Mary Roach became the bride of William Edwards.

The bride is the daughter of Mr. and Mrs. K. J. Roach and the bridegroom the son of Mr. and Mrs. A. J. Edwards.

The New W. Wilson performed the ceremony amid a setting of pines.

Wedding salin was chosen by the bride who was given in marriage by her father. The dress featured a net yoke trimmer with tiny pearls and she carried a bouquet of red roses.

Jean Cressman of North Battleford attended the bride as maid-of-honor. She chose a dress of blue net and carried a nosegay of summer flowers.

Joy Edwards who also attended the bride wore a dress of pink net and carried a nosegay of summer flowers.

Edwards was best man and others were John Roach and Ted Morris.

During the signing of the register Miss S. Macdonald was soloist.

A reception at the home of the bride's parents a three-tier wedding cake embedded in white tulle and surrounded by forget-me-nots centred the bride's table.

For her daughter's wedding Mrs. Roach wore a floral dress with black accessories and corsage of yellow roses.

Mrs. Roach chose a dress of steel gray crepe with black accessories and pink rose corsage.

K. F. McNeil proposed the toast to the bride.

Out-of-town guests were Mr. and Mrs. J. J. Jenkins, Bremner, Mrs. J. Roach, Maple Creek, Sask.

Following a brief honeymoon Mr. and Mrs. Edwards will reside at 9628 100 street.

**SOUTH EDMONTON'S FINEST** is the newly renovated Empire Cafe which reopens for business tomorrow. Modern in every manner the remodelled restaurant boasts of a seating capacity of 130. No expense has been spared in making the eating house one of luxurious beauty and the comfortable surroundings is certain to make a distinct hit with patrons.

## Empire Cafe Is Now One of the Finest In City

South Edmonton's most modern and finest restaurant—the newly renovated Empire cafe—reopens for business tomorrow.

It's at the same location—10351 82 Avenue, it's still the same management—Freddie Mah and his associates, but it's not the same restaurant—the old spot has taken on a new look.

A miracle of modernization has been created with the transformation and the newly renovated Empire cafe is one of Edmonton's finest.

Inside and out the "magic wand" has been applied with a majestic touch resulting in a colorful and attractive premises which can hold its own with any of the city's new cafes.

The new frontage, constructed of blue and yellow vitrolite tile with a corrugated chrome base and

trimmings, is streamlined to perfection considerably enhancing the attractiveness of the building.

The interior boasts of colorful decorative designs, modernized fixtures and all the latest in restaurant equipment.

Seating accommodation of the newly remodelled premises is 130. Three horseshoe counters, featuring formica table tops and restaurant fixtures, provide accommodation for 25 chrome stools.

There are 28 booths in the eating house. Eight provide seating accommodation for two patrons each. Four booths seat six each. Fifteen four-seaters and one 12-seat party booth complete the seating accommodation.

An ultra modern Arnetti constructed soda fountain of the latest design, a lengthy back bar featuring a glass show case equipped with a frigidaire unit and the latest designed coffee urns are among the many outstanding highlights of this modern eating establishment.

Overhead are indirect heating units which provide an even temperature in the premises at all times. Fluorescent lighting and air conditioning are other features.

Modern in every manner the kitchen boasts of considerable new cooking equipment, the new automatic dish-washing machine, a stream line steam table and a huge two-unit walk-in refrigerator.

The colorful combination of the entire premises is unique.

Three pastel shades of pink, turquoise and cream encircle the walls, blending attractively with the soft tone white ceiling.

All the table tops and counters in the ultra modern cafe are of speckled apple green formica. The leather stools at the counters and in the seats in the booths are a deep red and light blue combination blending with the chrome fixtures.

Colorful and bright the restaurant gives off an atmosphere of comfort and cheerfulness which is sure to meet with the approval of patrons.

## Freddie Mah Proud of Empire Cafe

Freddie Mah, co-owner and manager of the newly renovated Empire Cafe which officially reopens for business tomorrow.

Born in China, Freddie came to Canada at an early age and received his education in Edmonton. On leaving Strathcona high school he went into the cafe business and 10 years ago purchased interests in the Empire cafe, situated at 10351 82 Avenue.

His ever ready smile and pleasant personality soon won him many friends and business steadily progressed until his restaurant became one of the most patronized eating houses in South Edmonton.

Early this spring, Freddie and his partners decided that South Edmonton needed a modern cafe, so plans were drawn up to remodel their premises.

They closed shop, tore down and removed all the old fixtures in the cafe, then they had the premises redecorated in an attractive and modernized design.

Complete new fixtures of the latest fashion were installed. New

restaurant equipment and kitchen requirements were purchased and argued as to provide their customers with the best in service and at the same time give employees every convenience.

Tomorrow the new Empire cafe will unveil its "new look" to the public.

It will be a proud day for Freddie and his partners who have every reason to be proud of their business establishment, which is truly one of the most modern and attractive eating houses in South Edmonton.

The ancient Egyptians are said to have performed amputations and various operations on the eye.

## Bright New Kitchen Feature of New Cafe

Bright, spacious and fully modern—that's the kitchen of the newly renovated Empire Cafe which reopens for business tomorrow.

The "cock's headquarters," like the rest of the premises, has been completely renovated and is now equipped with all the latest conveniences and modern equipment.

Bright lighting, modern color scheme and up-to-date fixtures feature the genuine and the kitchen has been opened up in a modern line to coincide with the ultra modern remodeling.

One of the many features is the spaciousness of the kitchen which enables the cooking staff to move around without fear of bumping into protruding objects which are found in smaller kitchens.

"Another highlight is the huge, two-unit walk-in refrigerator, in which all food supplies and vegetables are kept fresh at all times.

"This new 'big' modern in design and construction, is one of the

## Carole Landis' Estate May Not Exceed \$200,000

LOS ANGELES, July 14.—(AP)—Carole Landis' estate may not exceed \$200,000, exclusive of her will in probate, reading of her will was closed yesterday.

The film actress, who committed suicide July 11, left everything to her mother, Mrs. Clara Landis.

The bulk of Mrs. Landis' estate will come from the sale of her home, now in escrow for \$81,500. There is a \$100,000 loan on it, and lawyers estimated the net would be about \$200,000 in unpaid bills.

## New Fixtures Add Beauty To Empire

The most modern restaurant equipment available has been installed in the newly renovated Empire Cafe.

All the counter, soda fountain, dining room and kitchen equipment is of the latest design.

The coffee urn, imported from Chicago, features a new spray system, which is said to produce a better brew of java.

The new soda fountain service is one of the most modern in the city constructed of stainless steel, it considerably enhances the attractiveness of the cafe's many streamlined bars.

## South Side Gains With New Eatery

Interior features of the newly renovated Empire Cafe were built and installed by Herring Wood-ward.

Bright and colorful in decorative design and construction, the new eatery is being established at a rate of about \$200,000 with the best of the many new and modernized restaurants recently opened in the city.

In most cases, the Herring Wood-ward "experts" designed and installed the fixtures, each offering something different.

The newly remodelled Empire Cafe features another unique pattern.
